FEES

Design Fees

The design consultation is \$450. The hourly design fee after that is \$125/hour.

Material Pricing

As you know, the price of materials can vary widely. Most of our recommendations are special order materials as our clients are looking for finishes that are unique to their home. We always want to meet your budgetary needs, so it is important to share with us what those numbers may be. Most materials ship from the Lower 48 and may require extended delivery periods, as well as added delivery costs.

Trade Pricing

In the event I have trade pricing with materials vendors, I will pass those savings to you and provide you with the information you need to purchase directly from the vendor. For purchases through Forty Nine Interiors, payment is required prior to order placement.
